It is called "Stadium of the Eagles" the draft of the Lazio president Claudio Lotito. It is not designed merely as a facility dedicated to football. This is a real "town" in an 'area of about 150 hectares, which is open 24 hours on 24th A master of it will undoubtedly be the stadium: 55,000 seats with mobile coverage for an entire pitch powered by solar energy. Not only. Around there will be other facilities for other sports, like an Olympic pool that will be a forum about 3,000 seats, but also two indoor courts for soccer, handball, volleyball, lawn tennis and hockey. Moreover, a large fitness center, gyms, restaurants and businesses. Finally, the Museum of Lazio.
